Entity: Txlmhotep LLC CEO: Cedrick Jurone Byrd Target DSCR Benchmark: > 1.25x

1. Executive Summary & Assumptions

This 24-month forward-looking financial projection models the cash flow generation and Debt-Service Coverage Ratio (DSCR) for **Txlmhotep LLC**. Projections incorporate active commercial banking pilots (such as Citizens National Bank), Texas Bankers Association network expansion, and multi-tenant SaaS deployment revenues under the **SecureBase** platform.

2. Consolidated 24-Month Cash Flow & Debt Service Projection (USD)

Financial Metric	Year 1 (Months 1-12)	Year 2 (Months 13-24)	Combined Total / Run-Rate
Gross SaaS & Pilot Revenue	\$285,000	\$540,000	\$825,000
Operating Expenses (Infrastructure & GTM)	\$142,000	\$210,000	\$352,000
Net Operating Income (NOI)	\$143,000	\$330,000	\$473,000
Proposed Annual Debt Service (Principal & Interest)	\$45,000	\$45,000	\$90,000
Debt-Service Coverage Ratio (DSCR)	3.18x	7.33x	5.26x (Average)

3. Quarterly Cash Flow Breakdown (Year 1 & Year 2)

Period	Inflows (Revenue)	Outflows (OpEx)	Net Cash Flow	Debt Service	DSCR Result
Q1 (Launch & Pilot Phase)	\$55,000	\$32,000	\$23,000	\$11,250	2.04x
Q2 (Bank Pilot Expansion)	\$70,000	\$35,000	\$35,000	\$11,250	3.11x

Q5-Q8 (Year 2 Growth Phase)	\$540,000	\$210,000	\$330,000	\$45,000	7.33x

4. Underwriting Conclusion

As demonstrated above, Txlmhotep LLC maintains a projected Debt-Service Coverage Ratio (DSCR) well exceeding traditional commercial banking risk thresholds (standard benchmark: $\geq 1.25x$). With a Year 1 projected DSCR of **3.18x** and a Year 2 projection of **7.33x**, cash flow generation comfortably covers proposed loan obligations while leaving ample operational liquidity for continued Go-To-Market expansion.
